Marketing25

Community pharmacy marketing, made simple.

Quick Start Guide

Go from sign-up to sent campaign in under an hour

Welcome. This one-pager walks you through the 24 things every pharmacy team should know on day one — from setting up your brand kit to sending your first campaign and putting posters on a screen in the shop.

GET STARTED

1 Create your account
Sign up with email + password. No credit card needed for the Free plan.

2 Complete onboarding
Three quick steps — pharmacy details, contact, plan. Or Skip for now and finish later.

3 Set up your brand kit
Logo, colours and footer — set once, applied everywhere.

4 Explore templates
24 designs: flu, vitamin D, hand hygiene, allergies and more.

DESIGN POSTERS

5 Use a template
Click Use template to open the drag-and-drop editor with your brand pre-applied.

6 Customise on canvas
Edit text, resize shapes, swap images. Auto-saves as you go; press Done when finished.

7 Apply pharmacy info
One click inserts your name, address and phone into template placeholders.

8 Publish it
Draft while you work; Publish when ready — only then can it be sent. PDF via the ••• menu.

GENERATE MARKETING VIDEOS

9 Type a topic, add your photos
e.g. "Why book your flu jab this autumn". Attach up to four of your own photos and drag or zoom each to frame it.

10 Choose your voice
Five free voices or premium ElevenLabs voices on Pro. Preview cost before you generate.

11 Wait about two minutes
Research, script, voice and edit — a 15-second 9:16 clip.

12 Change a shot, free
Ask for a change, tap the shot, say what it should show. Then download for Reels, TikTok, Shorts or a campaign.

SEND CAMPAIGNS

13 Add your patients
Add them by hand or import a spreadsheet. Both optional.

14 Group your audience
Group by condition or demographic for targeted sends.

15 Build a campaign
Pick a published poster, attach up to 5 videos, choose patients and groups, name it.

16 One-click send
The poster is in the email itself — video links live 48 hours.

SCREENS IN THE SHOP

17 Build a playlist
Order published posters and set seconds on each.

18 Pair the screen once
Open /display on the TV and type the six-character code.

19 Change it from your desk
Edit the playlist and save. Screens follow within 30 seconds.

20 Turn off the TV's sleep timer
The step people forget. Starter gets 1 screen, Pro unlimited.

SHARE, TRACK & SCALE

21 Post to social, on repeat
Facebook, Instagram, LinkedIn, YouTube and TikTok — once or on repeat. Starter and Pro.

22 Analytics dashboard
Open and click rates, top posters and videos. Pro plan.

23 Watch monthly usage
Counters for posters, videos and recipients used this month.

24 Upgrade any time
Free → Starter £7 → Pro £25 a month. No watermark.
